Schedule 5    Application for Generation Licence - Self Generators 20 kW and over

Section A - 1:

1. Name of Applicant:  .................................................................................................
   ( ) Individual    ( ) Company    ( ) Partnership

2. Postal Address: .................................................................
   .............................................................................................
   .............................................................................................
   .............................................................................................

3. Street Address: .................................................................
   .............................................................................................
   .............................................................................................
   .............................................................................................

4. Telephone No: .............. (m) ...........................................
   Fax No: ...........................................................................

5. E Mail: ..........................................................................

6. Address/location where Generator is installed:
   .............................................................................................
   .............................................................................................
   .............................................................................................
Section A – 2

1. Is the generation equipment you own and/or operated/used as your main source of electricity or for stand-by purposes only?
   
   ( ) Main Source                         ( ) Standby Purposes Only

2. Please provide the following information about your generation equipment (attach additional pages if spaces provided below are not sufficient):
   
   a. Prime Mover ____________________  g. Output Voltage __________________
   b. Date of Installation ________________  h. Fuel Type _______________________
   c. Manufacturer _____________________  i. Est. Cost/ kWh (EC$)______________
   d. Capacity Rating (KVA)_____________  j. kWh Generated/Mth ______________
   e. Single or Three Phase ______________  k. Av. Fuel Cons/Mth (gals) _________
   f. Frequency (50 or 60 Hz) ____________             l. Av. Oper. Hrs./Mth ______________

3. How/where is the generator housed? _____________________________
   
   _______________________________________________________________________

4. How/where is fuel stored? ____________________________________________

5. Vol. of Fuel storage? _________________________________________________

6. How is the lubricating oil used in the generator disposed of?
   
   _______________________________________________________________________

7. What kind of emission control device does the installation have?
   
   _______________________________________________________________________

8. What kind of noise control device does the installation have?
9. *(For businesses)* Do you have an environmental management plan? 
_______________________ (If yes), please attach a copy.

10. Is the installation certified by the Government Electrical Inspector? ___________
     (Attach copy of certificate)

11. Will the generator be connected to the National Grid? ( ) Yes    ( ) No

I hereby represent that the information contained on this application is true and accurate to the best of my knowledge and belief.
