**Re: Deal Team's Concerns on the New Licensing Arrangement for DOMLEC**

Please be advised that the Deal Team for the Geo-thermal Development Project wishes to register their concerns with regard the proposed licenses for DOMLEC. These are as follows:

- i) Commencement of Licenses
- ii) Duration of Licenses
- iii) Inclusion of ability to enter into "Wheeling Arrangement"
- iv) Inclusion of maximum possible renewable energy for peaking purposes
- v) Change of "Net Billing" to "Net Metering" for Grid Tied Renewable energy initiatives.
- vi) Inclusion of triggering mechanism for tariff review.

Please be further advised that we are aware that the deadline for submissions of these concerns is March 15<sup>th</sup>, 2013, but we are seeking your consideration to be granted an additional 10 days for the submission of further details of these concerns.

We look forward to your kind consideration of this request.

Carl Duncan  
Member-Geo-Thermal Deal Team
